Take a few simple steps to avoid becoming a victim of burglary

Set a timer switch to turn your lights on when it gets dark – unlit houses are a give away that no one is at home.

Lock your doors, patios and downstairs windows - even when you are in. Make sure you double check them again before you go to bed.

If you have a burglar alarm, make sure you set it when you go out and also when you go to bed.

Don't leave car keys, ID cards or valuables near windows, doors or letterboxes, where burglars can reach through to steal them.

Lock your garden gates and side entrances. Don't leave tools lying around in the garden which could be used to break in to your home.

If you have information about a burglary phone the police on 101.

Think before you park!

Illegal and irresponsible parking can put lives in danger

No parking or waiting at any time.

Parking at restricted times only.

Parking on footpaths/corners/junctions creates a dangerous obstruction to pedestrians and other drivers.

If you choose to ignore this advice you may be prosecuted. The safety of pedestrians is far more important than finding a close spot to leave your car. Always think before you park.

BEGGING

GIVE BEGGARS A HAND UP NOT A HAND OUT!

Please don't 'kill with kindness' by giving money to people begging.

Your well-meaning action could be causing more harm than good as often the money is used to fund drug or alcohol addiction.

To truly help those in need please consider giving to local charities who are committed to helping provide assistance, shelter or longer term solutions.

As part of Operation Snap, members of the public can report and submit digital footage showing potential traffic offences.

This can range from driving dangerously or carelessly to overtaking on solid white lines, using a mobile phone while driving, ignoring traffic lights or dangerous driving around other road users, such as horse riders and cyclists.

Your submission will be sent to Warwickshire Police where the evidence will be reviewed by one of our road traffic police officers.

Due to the large volume of submissions received each week, we are unable to update each submitter regarding the outcome of their allegation. However, all submissions are dealt with pro-actively to help reduce risk taking and poor driving on our counties roads.

Any footage submitted through the portal can be used by us to help educate other road users and to advise on case results.

For more information, please see the Frequently Asked Questions section or email OpSnap@warwickshire.pnn.police.uk

SEXTORTION

SEXTORTION

A SELF-HELP GUIDE

Sextortion refers to a specific type of cyber-enabled crime in which victims are lured into performing sexual acts in front of their webcam.

Unbeknown to victims, their actions are recorded by criminals who then use the video footage in an attempt to blackmail them. Generally criminals request money

and if demands are not met, these offenders threaten to upload the recording(s) to the internet and send to the victims' friends and family.

Neighbour disputes.

We would all like to live in peace with our neighbours, but unfortunately that is sometimes not how things work out. Here's what you can do if you are having problems. Unless a crime has been committed or someone is in immediate danger, the police are unlikely to intervene in neighbour disputes. However we'll put you in touch with the groups and organisations who can help.

Examples:

I'm having a dispute with a neighbour about our property boundaries.

If you can't find an amicable solution with your neighbour, we suggest seeking the advice of a solicitor to resolve this. You could also contact your bank, building society, or whoever holds your deeds, to confirm the boundaries.

The following resources may also be of use:

- The Royal Institute of Chartered Surveyors (RICS) www.rics.org
- The Land Registry www.gov.uk

I'm having a dispute with a neighbour about their CCTV camera pointing at my property

Many people are installing closed circuit television (CCTV) as a home security measure as it has proved to be an effective tool in fighting crime. Cameras used for limited household purposes are not subject to the Data Protection Act 1998.

However, if the footage covers areas beyond this, such as neighbouring streets or other properties, problems may arise. There could be issues regarding privacy and harassment if you are being recorded in your home.

In the first instance, speak to your neighbour to see if it's possible to reposition the camera so that it does not point at your property. If this is not successful, and you want to take further action, we recommend seeking legal advice from a solicitor.
